Mini Display Port to VGA Adapter appC13

The APPC13 is a Mini Display port to VGA adapter to connect your Mac to any monitor, projector, or VGA display. It is used in presentations, to work in mirror mode or expand the desktop.
The VGA input is typically used by monitors that are not for mac computers, so it is an accessory that you always take with you to show or share content from anywhere on your mac.

- **Up to 1080p**
- **For MacBook with Mini Display Port Mini**
- **Mini DisplayPort 1.1A**
